Commonwealth of Massachusetts.

To the Honorable the Senate and House of Representatives in General Court assembled.

In compliance with the provisions of section 5 of chapter 19 of the Revised Laws, the Civil Service Commissioners have the honor to submit their twenty-first annual report. The year covered by the report extends from Oct. 1, 1903, to Sept. 30, 1904, inclusive.

At the expiration of his term of office in July, Commissioner Marvin declined a reappointment, and Mr. Frank Foxcroft of Cambridge was appointed to fill the vacancy. He qualified and entered upon his duties as a civil service commissioner July 27, 1904.

During the year covered by the report there were held 176 general competitive, 2 special competitive and 72 non-competitive examinations.

Of the 72 non-competitive examinations 58 were for transfer and promotion, as provided by the rules; 13 were of applicants for positions as inspectors of plumbing, under chapter 103, section 5, of the Revised Laws, where, under an opinion of the Attorney General, non-competitive examinations must be held if requested by the appointing power. The one remaining non-competitive examination was a case where there was no suitable person upon the eligible lists.

There were 3,094 persons examined for positions in the different grades of the classified service of the State and the several cities and towns, of whom 2,354 were men, including 23 veterans, and 740 were women. Of those examined, 2,091 passed, obtaining 65 per cent. or over. Of the per-

sons examined, 2,814 had received a common school education only, and 280 had attended college.

During the year 567 men and 119 women were regularly appointed to positions in the public service. Of the persons appointed, 3 were veterans who had passed the examination and 11 were of veterans appointed without examination, in accordance with section 22 of chapter 19 of the Revised Laws.

The average age of those examined for positions in the service is the same as last year, about thirty-nine years.

THE LABOR SERVICE.

Boston.

In Boston 2,675 persons applied and were registered for employment as laborers or mechanics in the several city departments, of whom 80 were veterans. There were 217 requisitions received and 907 certifications made, including the names of 45 veterans. Of those certified, 385, including 12 veterans, were regularly employed.

Worcester.

In Worcester 1,642 applicants for labor service, including 21 veterans, were registered. There were 54 requisitions received, upon which 1,589 certifications were made, including 17 veterans. From these certifications 1,386 men were employed, including 10 veterans.

Cambridge.

In Cambridge 892 persons were registered, including 19 veterans. Forty-eight requisitions were received, upon which 722 certifications were made, including 19 veterans. From these certifications 309 persons were employed, including 13 veterans.

New Bedford.

In New Bedford 372 persons were registered, including 4 veterans. Sixty-nine requisitions were received and 360 certifications made, including the names of four veterans. From these certifications 144 men were employed, including 4 veterans.

Newton.

In Newton 66 persons were registered. Only one requisition was received, upon which 30 persons were certified and 16 men employed.

Everett.

In Everett 154 men were registered, including 5 veterans. There were 7 requisitions received and 100 certifications made, including 2 veterans. From these certifications 6 men were employed. A requisition received for 40 men, upon which 80 persons were certified, was cancelled.

The reports of the secretary, chief examiner, registrar of labor and registration clerks will be found in the appendix, and contain in detail the figures upon which this report is based.

EXAMINATIONS.

In the framing of examinations on special or technical subjects the commissioners have obtained the advice and assistance of experts, and the examinations have been held and the papers marked in a fair and impartial manner. During the twenty years in which the civil service law and rules have been in operation the cases have been extremely rare where applicants have complained of the marking of their papers. The examination papers of an applicant are open to his inspection, and the utmost publicity has always been given to the methods adopted by the commissioners. Appointing officers have in most cases co-operated with the commissioners in the administration of the rules relating to appointments.

LEGISLATION SUGGESTED.

The commissioners renew their recommendation of last year, that the civil service law be amended so that the application of the rules may be extended to counties.

CHARLES H. PORTER,
BENTLEY W. WARREN,

OFFICES NOT INCLUDED IN RULES.

RULE XLI.

Upon the request of any officer or board having the power of appointment to any office or position in the service of the Commonwealth, or any of the cities thereof, to which these rules do not apply, the commissioners will furnish names from any list of eligible persons to fill a vacancy in such office or position; or they will, whenever practicable, hold competitive or non-competitive examinations for such office or position.

Applicants for offices not covered by rules may be examined.

SECOND DIVISION.

LABOR SERVICE.

The following rules relating to the labor service are established under authority of chapter 320 of the Acts of the Legislature of 1884, and also of section 6 of chapter 517 of the Acts of 1896, and in enforcement of said acts.

RULE XLII.

1. The word "laborer" in these rules shall be construed to include mechanics, engineers, janitors other than those classified in the first division, laborers, whether skilled or unskilled, under whatever designation, and boys employed in the labor service of any city.

Amendment.
Feb. 1, 1900.
Laborer, term defined.

2. The labor service shall constitute the second division of the civil service. Under it there shall be two schedules, Schedule C and Schedule D. Schedule C shall include all laborers as herein defined, in the employ of the city of Boston, to be designated as the labor service of Boston. Schedule D shall include all laborers as herein defined in the employ of any city other than Boston to which these rules are or may become applicable, to be designated as the labor service of such city.

Classification.

3. The commissioners shall provide for the registration and certification of laborers in the city of Boston, and in other cities to which the labor rules are or may become applicable.

Registration.

4. In Schedule D the commissioners may, in their discretion, discontinue registration and certification whenever a city shall

fail to appropriate such sum of money as, in their opinion, is necessary to provide for the full enforcement of all rules and regulations relating to the labor service of such city. Notice of their action in each case shall be certified to the authorities of such city and shall be published in one or more newspapers therein.

LABOR APPLICATION.

RULE XLIII.

Where registered.

Must be citizens.

Vender of liquor cannot apply.

Application supported by certificates.

Laborers, how registered.
Amendment.
Feb. 15, 1897.

1. Laborers shall apply for registration at the civil service labor office in the city where they seek employment.

2. Applicants must be citizens of the United States, who have resided in the Commonwealth for one year and in the city in which they seek employment for the six months next preceding the date of the application, except in special cases, where the commissioners are unable to obtain a sufficient number of citizens and residents to meet the demands of the departments.

3. No application will be received from a vender of intoxicating liquor, or from any person habitually using intoxicating beverages to excess, or any person who within the year preceding his application has been convicted of any offence against the laws of this Commonwealth.

4. Every application must be supported by certificates of good character, and any false statement knowingly made by any applicant for labor service, or any connivance at any false statement made in any certificate accompanying his application, or any complicity in any fraud, shall be good cause for removing his name from the register, or for his discharge after employment. No applicant shall remain eligible more than one year from the date of his registration, except upon personal application for a renewal. The commissioners, for due cause, may reject any application for such renewal.

5. Every applicant who produces satisfactory evidence of his capacity for labor and his habits as to industry and sobriety shall be registered in the order of his application. He shall state under oath his (1) name, (2) age, (3) residence, (4) citizenship, (5) the number and relationship of persons depending upon him for support, (6) service as a veteran, (7) previous occupation, (8) personal description, and such other information as may be required.

6. Every applicant shall file a certificate, signed by two reputable citizens, to the effect that he is qualified to perform the labor sought. Every applicant claiming preference as a veteran shall also produce satisfactory evidence of the fact.

Applicants shall file certificates.
Amendment.
Feb. 15, 1897.

7. When the applicant desires to be registered for any other service than that of common laborer, he will be required to furnish a certificate from some competent person or persons of his ability to do the kind of work for which he alleges capacity, and for which he desires to be certified, and he may file additional certificates of capacity for special service.

8. In case any applicant shall present any certificate in regard to his qualifications in previous work inconsistent with his application or previous certificates, the commissioners may refuse to register him, or may remove his name, if registered, from the list.

9. No certificate from an employing officer in regard to the capacity of a laborer applying for registration shall be received, unless the laborer has been legally employed in the department, and the employing officer has an official knowledge of his capacity.

Certificate from appointing officer
Amendment.
Feb. 15, 1897.

10. In case any applicant is found by the commissioners to be unfit or in any way disqualified to perform the service which he seeks, his name shall not be entered on the register, and, if on the register, shall be removed therefrom, and the reason shall be endorsed on the application.

Removal from register.

11. The commissioners may in their discretion provide and require examination regarding the qualifications of any applicant.

May require examinations.
Amendment.
Feb. 15, 1897.

LABOR REQUISITION AND CERTIFICATION.

RULE XLIV.

1. When laborers are required, the employing officer shall make requisition upon the commissioners, stating the number of men wanted, the precise nature of the labor in which they are to be employed and the time and place of employment. Upon such notice, the commissioners shall certify the names of any and all veterans upon the eligible list, and the employment must be made from the list so certified; *provided* that, after the employment of veterans, in case there is not a sufficient number of veterans so registered and qualified for the required labor,

Requisition and certification.
Amendment.
Feb. 15, 1897.

the commissioners shall certify twice the number of men called for, over and above the number of veterans, if any, certified, making an impartial selection, giving preference, *first*, to those who have worked satisfactorily for three months or more in the department, and, *second*, to those having families dependent upon them for support.

Requisition for
young men.
Amendment.
Feb. 15, 1897.

2. In case the employing officer shall in the requisition certify that the labor to be performed is so arduous as to require the services of young and vigorous men, and shall designate a maximum age limit, the commissioners may in their discretion recognize such age limit.

When unable to
fill requisition.

3. Whenever the commissioners shall be unable to fill a requisition, they may authorize the employing officer to make the selection. The persons so selected shall, before being employed, present themselves at the civil service labor office, in their city, for registration in the manner and under the rules and regulations prescribed for applicants, and be certified by the commissioners, and such persons shall not be employed at any other kind of work than that for which they were selected, until after they shall have been continuously so employed for at least three months.

LABOR EMPLOYMENT.

RULE XLV.

Employment
from list certi-
fied.

1. The selection and employment shall be made from the list certified, and the employing officer shall, before selecting or employing any other person, first employ from the list of veterans certified, and the names of those employed shall be returned to the commissioners within five days after such employment.

Certification of
veterans.

2. Whenever the employing officer shall request the certification of any or all veterans registered for any particular kind of work, they shall be certified, and any of the veterans so certified may be employed.

Method of
selection.

3. Whenever an employing officer, who shall have made a requisition for a certain number of laborers, shall employ a smaller number, he shall not make the selection from the whole list certified to him, but only from that number of names standing highest on the list that would have been certified to him had the requisition stated the number of men which he

actually employs under the certification, except in the case of the certification of veterans, when he may employ any veteran certified.

4. Upon proof to the commissioners that a person certified as a laborer is unsuitable for the work, the commissioners may certify an additional name.

Certification of additional names.

5. When the employing officer has selected and employed such of the persons named in said list as he may require, he shall within five days after their employment return to the commissioners' office a list of the persons so selected and employed, stating the kind of work for which they have been employed. In case any of the persons certified fail to respond or decline the employment offered, or withdraw from the service without good cause, the names and registered numbers of such persons shall be returned to the commissioners, with a statement of the facts; and the names of such persons shall be taken from the register, unless a satisfactory explanation of the failure or refusal to work is given.

Return of persons employed.

EMERGENCY.

RULE XLVI.

In cases of emergency which cannot be foreseen, where the department would suffer from delay in filling a vacancy in the labor service, as herein provided, the employing officer may temporarily employ persons, without requisition; *provided, however*, that in no case shall such temporary employment continue for more than five days, and no re-employment of the same person at the end of such period shall be allowed. And in every such case the officer shall report the employment to the commissioners within five days, with the reason therefor.

Selection in cases of emergency. Amendment. Feb. 15, 1897.

SUSPENSION AND TRANSFER.

RULE XLVII.

1. Any laborer suspended and not actually employed in the department in which he is enrolled shall at the end of six months be deemed to be out of the service, and shall not be thereafter employed, except after registration and certification by the commissioners; and the employing officer shall forthwith report to the commissioners the name of any laborer so suspended;

Suspension for six months. Amendment. Feb. 15, 1897.

provided, however, that this provision shall not apply to veterans.

Not to be employed in work other than that for which certified.
Amendments.
Feb. 15, 1897,
and Feb. 1, 1900.

2. No laborer shall be employed in work other than that for which he is certified until after actual and continuous employment therein for at least three months; *provided, however,* that this provision shall not apply to veterans.

3. Heads of departments may, with the consent of the commissioners, transfer laborers from one department to another, upon previous notice to the commissioners, provided such laborers have been continuously employed in the same work in the same department for which they were certified for at least three months.

REINSTATEMENT.

RULE XLVIII.

Reinstatement.
Amendment.
Feb. 15, 1897.

Any laborer who shall be found by the commissioners to have been dismissed or separated from the service without fault or delinquency on his part may, upon request of the employing officer, be reinstated in such service in the same department within three months next following such dismissal or separation.

LABOR DISCHARGE.

RULE XLIX.

Discharges.

1. When a person is discharged from the labor service for "loitering," "incompetence," "insubordination," "unsatisfactory work," or any equivalent cause, unless the charge is disproved, he shall not be eligible for registration again for a period of at least six months from the date of such discharge. At the end of that time he can apply for registration on the same basis as other citizens; and, in case he is registered, he shall not be eligible to certification to the department from which he was discharged except with the written consent of the head of that department.

2. When a person is discharged from said service for "intoxication," and the charge is not disproved, he shall not be eligible for registration again for a period of at least a year from the date of such discharge; and his registration then will be subject to the conditions above prescribed.

3. In case a person is discharged a second time for good cause he shall not be eligible for registration again, except by special vote of the commissioners.

The foregoing rules, prepared by the Civil Service Commissioners, are hereby transmitted to the Governor and Council for their approval.

REGULATIONS

ADOPTED BY THE

CIVIL SERVICE COMMISSIONERS.

[DEC. 27, 1901.]

CHIEF EXAMINER.

1. The chief examiner shall, so far as practicable, attend the examinations held by the several boards of examiners.

2. He shall take care to secure accuracy, uniformity and justice in the proceedings of all examiners and boards of examiners under the rules and regulations; and such proceedings and all papers appertaining thereto shall at all times be open to him. He shall also, from time to time, inspect the proceedings and papers connected with examinations under the civil service rules, and shall make report of such inspection to the commissioners.

3. He shall prepare and submit to the commissioners proper schemes for examinations, and forms for blanks and records.

4. He shall take care that the rules and regulations are complied with, and shall bring any case of their infraction, or of injustice or irregularity, observed by him, to the attention of the commissioners. It shall be his duty, from time to time, to confer with the heads of departments, offices and institutions of the Commonwealth, and the several cities thereof, concerning the regularity, sufficiency and convenience of the examinations for the service under them. He shall perform such other appropriate duties as may be specified in these regulations, or otherwise assigned to him by the commissioners.

SECRETARY.

5. The secretary shall keep the records of the proceedings of the commissioners, and have charge of, and be responsible for, the safe keeping of the books, records, papers and other property in their office. He shall make such certification as the commissioners may direct of those eligible for appointment or employ-

ment. He shall generally conduct the correspondence of the commissioners, and perform such other appropriate duties as they may assign to him.

REGISTRAR OF LABOR.

6. The registrar of labor shall keep the records of his office and be responsible for the safe keeping of records, books, papers and other property in the labor office; he shall make proper certifications of those eligible for employment in the labor service, and he shall generally superintend the work of the office and supervise the administration of the civil service rules applicable to the classified labor service.

EXAMINERS.

7. Regular boards of examiners shall consist of not less than three nor more than five members, one of whom shall act as secretary; and a majority of any board may conduct an examination in the absence of the other members.

8. The board of examiners for each city shall promptly notify the commissioners of the need of holding an examination in and for such city; and thereupon the chief examiner shall, under the direction of the commissioners, issue authority therefor, and shall prepare questions and supervise the other preliminary arrangements.

9. The boards of examiners shall conduct the examinations, and estimate and mark the standing of the persons examined, or in a non-competitive examination shall mark the qualifications of the person examined.

10. Special boards will be selected, and special regulations for examinations will be issued by the commissioners when expedient.

11. No examiner or person serving under the commissioners shall attempt to influence the selection of any person for the civil service.

12. The examiners shall preserve order and decorum at examinations, and prevent any interference, by conversation or otherwise, with those under examination.

13. Each examiner will exercise diligence in securing fairness and preventing collusion and fraud in the examinations.

14. No examiner shall disclose, unless by consent of those examined, the results of the examination.

15. Any person, after receiving official notification of his standing, as ascertained by a competitive examination, may, in person or by duly authorized agent, inspect his examination papers.

16. Complaints of any injustice or unfairness on the part of

any examiner or examining board, or by any one acting under the commissioners, may be made in writing to the commissioners, who will act as substantial justice in the premises may require.

17. Each examiner shall be entitled to receive from the appropriation for the expenses of administering the civil service law twenty cents for each applicant whose examination he shall attend, and twenty cents additional for each set of examination papers he shall mark; the total number of papers prepared by one applicant being considered a set. For the additional service rendered by the secretary of each board of examiners of cities other than Boston, in registering the eligibles, certifying the same, conducting necessary correspondence, and in other ways, he shall be entitled to receive from the same appropriation the additional sum of twenty-five cents for each eligible so registered. [3, 24, '93.]

18. No person shall act as examiner in any examination of applicants for admission to the classified civil service, when he is an applicant or an eligible for a position in the class for which the examination is being held. [12, 21, '94.]

COMPETITIVE EXAMINATION.

19. Applicants must present themselves punctually at the times and places specified in their official notices to attend, and they will be admitted to examination upon the production of such notices.

20. Each applicant in a competitive examination shall first be presented with a declaration paper, on which he will write his name, age, residence, examination number, etc., after which he will place it in an envelope, seal the envelope, and thereafter he shall mark each paper with his examination number only. The envelope shall not be opened until after all his examination papers are marked.

21. The sheets of questions will be numbered, and will be given out in the order of their numbers, each after the first being given only when the competitor has returned to the examiners the last sheet given to him. In general, no examination shall extend beyond five hours. Each applicant must complete his examination on the obligatory subjects before taking up any of the optional subjects.

22. The subjects of, and the time allowed for, the examination, will be announced before the first paper is given out.

23. Applicants for appointment in classes 2 and 4, Schedule B (the fire and police departments of the city of Boston), shall be examined to test their physical soundness, and no one who fails to pass such examination shall be eligible for appointment.

24. Each applicant who shall have passed such examination, and also the educational examination, shall be required to undergo

such further physical examination as the commissioners may from time to time prescribe, adapted to ascertain his special fitness for the service for which he has applied.

25. Such examination shall be made by a physical examiner, to be appointed by the commissioners, and shall be recorded upon blanks provided for the purpose, upon which each required qualification shall be entered, and shall be marked with the percentage of excellence which the several applicants shall respectively be found to possess.

26. The percentage of each qualification shall be multiplied by the weight prescribed for each by the commissioners; and the quotient found by the division of the aggregate of value so arrived at, of each applicant, by the aggregate of weights shall constitute the percentage of condition of such applicant.

27. When an applicant for police or fire service in Boston fails to obtain sixty-five per cent. in either strength tests or development, he shall not be re-examined in those subjects until after he has filed a new application and undergone another examination as a new applicant. [1, 9, '91.]

28. To determine the standing of applicants for appointment in Class 4, Schedule B (the police force of Boston), equal weight shall be given to the physical and educational examinations; in Class 2, Schedule B (the fire force of Boston), the comparative weight to be given to each of such examinations shall be three to two. [1, 30, '94.]

29. Applicants for fire service in Boston, who have passed the examination and are on the eligible list for appointment to the permanent substitute force, may be certified for appointment to the call force upon the percentage obtained in their educational examination: *provided, however*, that such certification, or appointment in the call force, shall not affect their standing on the eligible list for the permanent substitute force.

30. Applicants for positions as watchmen and turnkeys in the State Prison and Massachusetts Reformatory shall undergo such physical examination as the commissioners may prescribe.

NON-COMPETITIVE EXAMINATIONS.

31. In cases where a non-competitive examination may be needed, either to test the capacity of applicants for any part of the service which requires peculiar information or skill, or to fill a position for which there are no suitable candidates on the eligible list, or for promotion, or temporary appointment, or otherwise, the commissioners will provide for such examination.

32. Applicants for non-competitive examinations shall fill out and make oath to the proper application paper (without certifi-

ates) ; but any person named by the appointing power for non-competitive examination may file such paper at any time before undergoing the examination.

33. The non-competitive examination shall conform, as nearly as practicable, in subject, questions and marking, to the competitive examination of the same grade.

34. Non-competitive examinations shall, in the absence of any special regulations to the contrary, be conducted by the chief examiner, and the papers marked by him with the assistance of such person as he may select.

SPECIAL EXAMINATIONS.

35. Applications for any special examination must be made in the form prescribed by the commissioners, and must be accompanied by certificates, as required in cases of ordinary applications.

36. Whenever a special examination is to be held, proper notice shall be given by advertisement or otherwise.

37. Each special examination shall embrace the subjects approved by the commissioners, after consultation with the head of the office concerned, or the special examining board for such office ; and shall, so far as appropriate, be conducted under the general regulations, as to the marking of examination papers and the grading of persons examined.

38. A special record of applicants, and a special register of eligible persons, shall be kept for each part of the service, or office requiring special examinations ; and when the commissioners or the proper examining board shall be notified by the appointing officer of a vacancy in such part of the service, certification shall be made to him of the names of the three persons graded highest on the special list of persons eligible for the same.

39. In case competent special applicants do not apply, after suitable notice, the appointing officer may be authorized to select a person for non-competitive examination.

MARKING.

40. Each examination paper shall be reviewed by a majority of the examiners conducting the examination ; and, in any case of disagreement, the average of the markings made on any question or paper by all shall be the final marking on such question or paper.

41. The papers in each subject shall, whenever practicable, be examined, compared and marked before the papers in another subject are examined.

42. The marking of each question or subject shall be made on a scale of 100, which shall represent entire accuracy. Handwriting will be judged by its legibility, uniform and correct formation of letters and ease of execution. Upon a comparison of the handwriting of all, the best and worst should be first determined, and the two extremes of the scale thus fixed; the others should be marked relatively to them. In writing from dictation or copying from manuscript, the omission, repetition or substitution of words, the erasures, blots and other evidences of carelessness, will reduce the marking below 100. Abstracts or summaries of documents, and letter-writing, will be marked as in handwriting, by determining the best and worst examples; and the examiners, having marked these, will then mark the others proportionately.

43. In each of the other subjects, each question shall be marked on a scale of 100; and the sum of such markings, divided by the number of questions in that subject, shall determine the standing on such subject.

44. In marking the examination papers of applicants for police, prison and fire service, orthography shall not be marked as a subject to which a special weight is attached; but errors in orthography shall be taken into account in marking the exercises in copying, letter-writing and reporting.

45. The following examples show the method by which the standing of each competitor is obtained. The weights here given to the different subjects are not to be regarded as the standard weights; these, and also the subjects, will be varied to meet the requirements of the position to be filled.

ELIGIBLE LIST.

46. The names of those found eligible shall be enrolled upon a register in form prescribed by the commissioners.

47. Priority of date in examination will give no advantage in position on the eligible list.

48. The names of persons placed on the eligible list in Class 2 of Schedule A (the higher clerical service) may also, upon request in writing, be placed on the eligible list for positions in Class 1 of Schedule A, with the same standing.

49. Persons whose names are on the eligible list for the prison service of a city may, upon request in writing, have their examination papers marked by the State Board of Examiners; and, if they are found qualified, their names may be placed on the eligible list for the prison service of the Commonwealth. Persons whose names are on the eligible list for the prison service of the Commonwealth, who have been residents of the city in which they reside for six months, may, upon request in writing, have their examination papers marked by the board of examiners for the city in which they reside; and, if they are found qualified, their names may be placed on the eligible list for the prison service of said city.

GENERAL PROVISIONS.

51. In case a person upon any register shall, by reason of ill-health or physical incapacity, in the judgment of the commissioners, become manifestly disqualified for the service for which he or she is registered, the commissioners may direct that such person be not certified; and the commissioners must be informed by the proper examining boards of each case of such disqualification.

52. The applicant affected by such suspension, or refusal of an examination, may make complaint in writing to the commissioners, who will take proper action thereon.

53. The commissioners cannot advise persons as to vacancies in the service, nor furnish any information as to the duties, salaries, course of promotion, or other conditions of positions and offices, except such as may be found in printed regulations. No advice can be given as to the course of preparation that applicants should follow, nor can specimens of the examination papers be furnished.

54. Every application paper and accompanying certificates will remain on file in the office of the commissioners or boards of examiners, and under no circumstances or conditions will the originals be returned to the applicant.

SPECIAL INSTRUCTIONS TO EXAMINERS.

The members of a Board of Civil Service Examiners will meet as soon as practicable, and organize the Board, choosing a chairman and secretary.

On receiving notice of such organization, the commissioners will forward to the secretary of the Board the application blanks, copies of the rules and regulations, and such other books, documents and papers as may be needful.

Each person filing an application blank should be furnished also with a copy of the rules and regulations.

When an application paper is presented by an applicant in person, the secretary should examine it at the time, if he can do so conveniently, and, if it is properly filled out, he should note upon the back, in ink, the date and hour when received. If it is not properly filled out, the attention of the applicant should be called to the fact, and he should be directed to have the application paper corrected.

If an incomplete application paper is received by mail, it should be returned to the applicant, accompanied by a notice to correct the same.

The applications, if found satisfactory, should be numbered serially in the order in which they are received. They should be entered in the record of applications, in the order of their numbers.

Any application which shows that the applicant is not, by reason of age, lack of citizenship, proper period of residence, etc., entitled by the law, rules and regulations to an examination must be returned to him with a brief statement of the reasons for such action. A blank form will be furnished for this purpose.

All application papers will be received, if in proper form. Should any be received for positions in the service of the Commonwealth, or another city, they must be forwarded to the commissioners.

When the application is for examination for the police service, the secretary of the Board will furnish the applicant with a copy of the book of instructions for police applicants, *and make note of having done so on the application paper.*

Attention is called to Rule XIX., which gives precedence in notification to veterans.

Examination blanks will be sent or brought to the Board before an examination is to take place; but they are not to be opened until the Board meets in the examination room on the examination day, and great care must be taken that they be kept in a secure place until that time.

When all are seated, one of the Board will take from each applicant the notice he has received to attend the examination.

The package of examination papers will then be opened, and each applicant will be given a numbered envelope and a declaration paper; upon the latter are printed questions concerning his name, age, former occupation, service as a veteran, etc. These are to be answered in writing, and the writer will sign his name at the bottom of the sheet. This is the only time during the examination when the applicant will be allowed to affix his signature to a paper. After completing the declaration paper, he will fold and enclose it in the numbered envelope which has been given him, and then seal the envelope.

The number on the envelope will be his examination number, and he must write it upon each succeeding paper in the blank space left for that purpose.

It will be well to inform the applicants that they are to be examined in certain subjects, and state the order in which the subjects will be given out.

The envelopes are not to be opened until after all the examination papers have been marked and graded.

In examinations where one of the exercises consists of writing from dictation and spelling, all the applicants will work at the same time. In the other exercises they may consult their own convenience as to rapidity.

As a rule there will be no general recess during the examination hours; but any applicant may be allowed, for sufficient reason, to leave the room at any time when he has finished one set of questions and delivered the paper to one of the Board. No succeeding questions shall be given him, however, until his return.

It is advisable that the full Board of Civil Service Examiners be present at each examination; but a majority of the Board may conduct an examination in case of the disability or necessary absence of the other members.

Applicants should be cautioned not to use any books of reference or memoranda for the purpose of assisting their memories. Any one detected in doing so may be dismissed from the examination room. The same penalty may be enforced if one applicant attempts

to assist another, by conversation or otherwise, in answering the questions given him.

Members of the Board should give the applicants general explanations only, and these should be limited to methods of procedure.

After an examination, all the papers should be taken charge of by the secretary of the Board.

Members of local boards are cautioned against furnishing information to any person in relation to the examinations, except in the general way prescribed in the rules.

All unused examination papers are to be returned to the commissioners the day after the examination.

As soon as practicable after completing the marking and grading of the papers, the secretary of the Board will send a certificate to each person who was examined, if he passed the examination, stating the standing which he obtained, as shown by the marking. He will also send notice to each applicant who failed to pass the examination, informing him of the fact.

In the general regulations adopted by the commissioners will be found information as to marking and grading, and the enrolment in the proper register of the names of those found eligible for appointment.

The chief examiner will be present at the examination whenever it is practicable to do so.

More specific rules for marking the examination papers will be issued hereafter.

Necessary expenses incurred by members of the Board for stationery, postage and actual travel, will be allowed by the commissioners.

HENRY SHERWIN,
Chief Examiner.

INSTRUCTIONS TO APPLICANTS AND ELIGIBLES.

A person desiring to be examined for a position in the classified service should file an application on the prescribed blank, and a form for that purpose can be obtained at the office of the commissioners, room 152, State House, Boston, or of the secretary of the local board of examiners in the city where he lives.

Applications for the service of the Commonwealth and of the city of Boston should be filed in the commissioners' office, Boston; if for service in any city other than Boston they should be filed with the secretary of the board of civil service examiners in such city.

Applications will be received at any time, and notice of the time and place of examination will be seasonably sent to each applicant. If unable to attend the first examination after applying, the applicant will, upon satisfactory explanation, be notified to attend the next examination.

Non-competitive examinations are not given when it is practicable to establish an eligible list by competition, and they are never held at the request of an applicant.

The commissioners cannot furnish information as to the course of preparation which applicants should follow (except as shown by the specimen examination papers printed in their report), nor can they answer inquiries in relation to cases which are not before them for decision, or decide, except in the cases of actual applicants, questions respecting the application of the rules. Particular answers cannot be given to inquiries which are answered herein, directly or by implication.

Notice will be sent by mail to each examined applicant of the result of his examination as soon after the examination as it is practicable to do so.

The names of persons who have passed the required examination will remain on the eligible list two years from the date of their certificate, unless dropped therefrom after certification three times, or removed from said list for cause.

Applicants for clerical service whose names have been placed on the eligible list in Class 2 of Schedule A may also, *upon request in*

writing, have their names placed on the eligible list for positions in Class 1 of Schedule A, with the same standing.

Applicants for clerical service in the departments of the Commonwealth whose names have been placed on the eligible list may, *upon request in writing*, have their papers marked by the local board of examiners of the city in which they reside, and their names placed on the eligible list for service in the departments of such city, and *vice versa*.

Persons whose names have been placed on the eligible list in Class 1 of Schedule B (prison service), and who have been certified for appointment, will be subjected to a physical examination if the appointing officer so requests.

The relative standing of any applicant as compared with that of others on the same eligible list may be changed by the addition of names of persons who have obtained higher standing at some more recent examination, and the time of the examination is not considered in making certifications.

Eligibles are certified in the order of their grade, and nothing can help and nothing can hinder their certification for appointment in the order of eligibility as prescribed by the civil service rules.

The commissioners are unable to answer inquiries as to vacancies in the service, salaries, prospects of certification, appointment or promotion. They know nothing of vacancies until requested to certify names for filling them, and it can only be generally said that the highest mark possible is 100, the lowest which gives eligibility is 65, and that the nearer the applicant's mark is to 100 the more likely it is that his name will be reached for certification. It is wholly uncertain, therefore, when an applicant's name may be reached for certification, and it is useless to speculate on what his chances may be.

Applicants will save the commissioners and themselves time and trouble by carefully reading the foregoing and preserving it for reference.

WARREN P. DUDLEY,

Secretary.

SCHEDULE OF EXAMINATIONS.

In giving notice of the competitive examinations to be held in the cities and towns, and at the times mentioned in the following schedule, the commissioners reserve the right to order such additional or other examinations as the public service may require, or to change the time of any examination upon reasonable notice.

No applicant shall have the right to examination unless the application is filed, under the rules, at least one week before the examination: *provided*, that the commissioners or the chief examiner, for cause shown, may allow a person making an application at a later time to take the examination.

WARREN P. DUDLEY,

Secretary.
